

ALLOY SILVERSTEIN PRESENTS

# Blood and Bone Marrow Drive

Every **2 seconds** someone in the U.S. needs blood.  
Every **3 minutes** one person is diagnosed with blood cancer.  
Together we can save lives and **make an impact.**

Alloy Silverstein invites you to our **Blood and Bone Marrow Drive** to donate blood and to register for the bone marrow donor directory.

Hospitals across the country are facing a major blood shortage and the bone marrow registry is in dire need of a larger and more diverse donor database. Your generosity, time and support could save someone's life.
